

Universités présélectionnées et masters disponibles

1- Ghana

Kwame Nkrumah University of Science and Technology (KNUST)

Cours disponibles:

- MPhil Renewable Energy Systems
- M.Phil. Mechanical Engineering
- M.Phil. Power Systems Engineering
- M.Phil. Materials Engineering
- M.Phil. Bioengineering and Chemical Engineering

2- Côte d'ivoire

Institut National Polytechnique Félix Houphouët-Boigny (INPHB)

Cours disponible :

- Mastère Spécialisé en Énergies Renouvelables

3- Nigeria

Université Obafemi Awolowo	Université d'Ibadan	Université du Nigéria
M.Sc. in Technology Management (Regular)	M.Sc. in Energy and Environment	To be confirmed
M.Sc. Technology Management (Executive)	M.Sc. Energy Economics	
M.Sc. Technology Management	M.Sc. Energy Finance	
M.Sc. Research and Development (R&D)	M.Sc. Electrical Power Systems	
M.Sc. Industrial Technology Management	M.Sc. Energy Conversion Systems	

M.Sc. Information Technology Management	M.Sc. Instrumentation and Control	
M.Sc. Energy Planning and Management	M.Sc. Energy Technology and Management	
M.Sc. Environmental Technology Management	M.Sc. Oil and Gas Economics	
M.Sc. Communication Engineering, Control	M.Sc. LL.M Energy Law	
M.Sc. Instrumentation and Robotics	M.Sc. Renewable Energy	
M.Sc. Electrical Power Engineering	M.Phil. Energy Economics	
M.Sc. Electronic Materials and Devices Technology	M.Phil. Energy Finance	
M.Sc. Mechanical Engineering	M.Phil. Electrical Power System	
M.Sc. Energy Systems Science and Energy Systems Engineering	M.Phil. Energy Conversion Systems	
M.Phil. Mechanical Engineering	M.Phil. Instrumentation and Control	
	M.Phil. Energy Policy	
	M.Phil. Oil and Gas Economics	

	M.Phil. Economics of the Power Industry	
	M.Phil. Renewable Energy	
	M.Phil. Electricity Economics	
	M.Phil. Energy and Environment	
	M.Phil. Energy Law	

4- Sénégal

Ecole Polytechnique de Thiès (EPT)

Cours disponible:

- Master interuniversitaire en énergies renouvelables

Université Cheikh Anta Diop de Dakar (UCAD)

Cours disponible:

- Master 2 de physique et applications, spécialité énergie solaire, matériaux et systèmes (SOLMATS)

5- Togo

Université de Lomé

Cours disponibles:

- Master recherche en matériaux avancés pour l'électricité
- Master ingénieur professionnel en ingénierie électrique
- Master ingénieur recherche en ingénierie électrique
